

Advanced IT Data Communication a success pass for you

Information is the key to success in an ever-changing market environment. A good use of information technology is like carrying a sure-to-win weapon. However, the implementation of a sizeable information technology project often entails great complexity with huge cost implication that most enterprises find it hard to undertake in-house.

With specialist knowledge and technological resources, PowerTech is able to provide comprehensive support for integrated IT solutions including enterprise systems, applications and related technologies for e-offices. We provide a wide range of tailor-made support according to the specific IT needs of our customers, from hardware and software application, cabling, online services, internet to intranet platforms, assisting our customers to increase productivity and stay competitive through the efficient use of information technology.

PowerTech Data Communication

System integration and implementation

- We assist our customers in building and developing the infrastructure on which a company-wide drive on information technology can be mobilized.

Project consultancy and management

- We help our customers in assessing and optimizing their information technology systems, allowing customers to enjoy the best return for their investments on technology.

System support and maintenance

- We provide preventive maintenance measures and system monitoring to ensure systems are constantly optimized to avoid business loss associated with system malfunction.

e-Business solution

- We assist our customers to make timely changes to transform their business in order to succeed in the new e-economy.

Website design

- We adopt advanced multi-media technologies, authoring and design tools to help customers build company websites that cater for their business needs.

The advantages of PowerTech Data Communication

One-stop service

We understand the data communication needs of our customers in terms of information technology and software application. We provide comprehensive support including system design, software application, programming, installation, maintenance and network building that help you save time and resources for better corporate performance.

Professional IT engineering teams

Our IT engineering teams have years of related experience. We have installed more than tens of thousands of communication systems and cable networks. With the best understanding of our customer needs, we deliver integrated IT solutions for modern offices.

Professional project management

A project manager will follow the entire project through and find you the best IT solution, helping save a lot of time and resources which otherwise have to be spent on liaising with various suppliers of products and services.

Professional customer service

Powered by a highly customer-driven spirit, all of us at PowerTech attend to your needs with great enthusiasm, making you feel truly at home.

尖端數據通訊科技助你無往不利

在瞬息萬變的商業市場上，資訊是不可缺少的爭勝力量。懂得善用資訊科技，猶如坐擁一件無堅不摧的厲害武器。然而，要推行規模龐大的資訊科技項目，其複雜程度和所需資源是多數企業無法自行承擔的。

權訊科技擁有數據通訊所需的專門知識及技術資源，致力為客戶提供最全面的資訊科技整體解決方案，包括

企業系統、應用程式與相關技術。無論是辦公室內一切的電腦軟硬件配置、網絡鋪設、網上服務、互聯網、內聯網等，我們均能因應客戶的需要，提供度身訂造的服務，透過尖端科技助你提高生產力，加強競爭力。

權訊科技數據通訊服務

系統整合及推行

- 專門幫助客戶建立及擴展運用資訊所需的基礎設施，帶動整個企業的資訊科技。

項目顧問及管理

- 協助客戶評估和優化資訊科技系統，讓你得享科技投資的最佳回報。

系統支援及維護

- 為客戶提供有關預防維護措施及系統監察的建議，確保客戶系統經常處於最佳狀態，避免因系統失靈而帶來業務損失。

電子商業解決方案

- 幫助客戶與時並進，改革業務，迎合電子商業的新經濟潮流。

網站設計

- 利用先進的多媒體科技、編寫及設計工具，為客戶作切合需要的企業網站

權訊科技數據通訊優點

一站式服務

我們了解客戶的數據通訊需要，無論在資訊科技及軟件應用等方面，均能提供全面的支援，包括系統設計、軟件應用、程式編寫、安裝、維修、構建，助你大大節省時間及資源，發揮企業專長，縱橫馳騁商場。

專業I.T.工程隊伍

我們的資深I.T.工程隊伍在資訊工程方面擁有多年的豐富經驗，至今已為客戶安裝了逾萬套通訊設備及網絡線路，最能了解客戶需要，為辦公室提供整合式的資訊科技方案。

專業項目管理

備有專業項目管理人員專責統籌有關資訊科技項目的每個細節，為你謀求最佳的I.T.方案，讓你無需再大費周章，為取得不同的服務或產品而聯絡多個供應商。

專業客戶服務

權訊科技的全體員工本著以客為尊的精神，處事細心周到，隨時為你提供賓至如歸的客戶服務。
