SupraPlus™
Telephone Headset Family

PLANTRONICS

The new standard in headset performance, reliability and all-day wearing comfort

Plantronics® SupraPlus™ telephone headset family continues to set the standard for durable, lightweight corded headsets designed for contact center and office professionals. Backed by Plantronics heritage in headset design, SupraPlus expands on the classic corded headset style and functionality, incorporating new features, such as improved sound quality, enhanced stability and an updated, stylish design.

- **Business-critical Reliability and Comfort**
  SupraPlus not only meets or exceeds all specifications set by our existing world-class professional headsets, this family of headsets delivers a new level of all-day, every-day comfort and reliability.
- **Improved Audio Quality**
  In addition to Plantronics standard of excellence in headset sound quality, SupraPlus delivers improved receive-side audio quality. Now you hear every word more clearly, and you hear it right the first time.

- **Stylish, Lightweight Design**
  The lighter, more flexible cable, comfort headband and T-Pad design, as well as the bendable, intelligent noise-canceling microphone boom work to enhance audio quality and the user experience.
- **Plantronics Compatibility**
  With Plantronics Quick Disconnect™, SupraPlus works with all Plantronics amplifiers and USB-to-headset adapters. Direct connect Polaris™ versions are also available for headset-ready phones and agent consoles, providing connection flexibility for your diverse working environment.

Supra Plus™
Telephone Headset Family

PLANTRONICS

Key Features and Benefits

- The new standard in all-day comfort and reliability: SupraPlus expands on the classic corded professional headset style and functionality
- Improved receive-side audio quality: A greater receive-side frequency response improves listening intelligibility.
- Comfortable, lightweight design: Adjustable headband, foam ear cushions and comfort T-Pad design create a stable, comfortable fi
- Bendable, intelligent, click-stop boom: Stays in position for clearer voice transmission.
- Smaller, lighter, more flexible cables: Designed for lightweight durability, with a new single-cable design for binaural models.
- Quick call feature: Headband twists out of the way for convenient quick call pick u
- Monaural or Binaural Styles: Monaural lets you hear the conversation and what's going on around you. Binaural cuts out distracting ba ground noises.
- Voice Tube™ and Noise-Canceling Microphones: Voice tubes are lightweight and unobtrusive and noise-canceling microphones allow clear conversations in noisy environments.
- H-Series or Polaris™ Models: For compatibility with Plantronics amplifiers, USB-to-headset adapters, headset-ready phones and agent console
